About our Company

PFC Production Flow Contracting Establishment is a trusted provider of manpower supply, equipment rental, material trading, and industrial support services across the Kingdom of Saudi Arabia. Since our establishment in 2018, we have been committed to delivering reliable, cost-effective, and high-quality solutions that support the Kingdom's rapidly growing industrial, construction, and infrastructure sectors.

Backed by a skilled workforce and extensive industry experience, PFC has earned a reputation for professionalism, integrity, and operational excellence. We focus on understanding our clients' unique requirements and providing flexible, efficient, and timely solutions that enhance productivity and project success. Our dedication to quality, safety, and customer satisfaction makes us a dependable partner for businesses across a wide range of industries.

Vision

To become a market leader in manpower, trading, and equipment resource services, driving industrial growth and supporting economic development in Saudi Arabia.

Mission

To empower industries with reliable manpower, premium-quality equipment, and comprehensive trading solutions while ensuring timely delivery and client satisfaction.

Strength Behind Structure

Manpower Supply

We are a leading manpower service provider in the Kingdom of Saudi Arabia, delivering reliable, skilled, and semi-skilled workforce solutions across multiple industries. With deep-rooted expertise in human resource management, we connect businesses with the right talent to help them grow and succeed.
